About Stainless Tankers:

Stainless Tankers ASA (ticker code "STST") is a shipping company specialized in providing seaborne transportation of chemical cargoes worldwide. The Company provides investors with pure-play stainless steel chemical tanker exposure in an investor friendly structure through its fleet of seven stainless steel vessels, each with an approximate total carrying capacity of 20,000dwt. The fleet is managed by Tufton, with a primary focus on maximizing earnings and distributing excess operating cashflows to shareholders. For more information, please visit www.stainlesstankers.com.
